

6 CORE VALUES OF SEA LEGEND CAX

FAST DIRECT TRANSIT

China-Europe transit in as fast as 20 days, slashing lead times while avoiding port congestion and geopolitical disruption.

PICC-BACKED PROTECTION

Tailor-made polar-route cargo insurance underwritten by PICC, delivering end-to-end shipment protection.

STRATEGIC ARCTIC CORRIDOR

A recognized China-Europe trade corridor under the Polar Silk Road framework, backed by strong national media visibility.

CARGO-READY FLEXIBILITY

Specially engineered to carry new energy products, ESS containers, high-value equipment, and cross-border e-commerce cargo.

COMMERCIAL VALUE CREATION

Faster transit accelerates cash flow and inventory turnover, while Arctic low temperatures help protect sensitive high-value cargo.

LOW-CARBON ADVANTAGE

A shorter Arctic passage reduces fuel consumption and carbon emissions by up to 50%, supporting greener supply chains into Europe.
